## MESSAGE FROM THE CHIEF

To Mayor Gillespie, City Council Members, and the Citizens of Prattville. On behalf of the men and women of the Prattville Police Department, I am honored to present our 2017 annual report (October 1, 2016-september 30, 2017). This report highlights the hard work and dedication performed by the men and women of the Prattville Police Department. I give full credit to my team of supervisors and officers for their professionalism and dedication in ensuring the safety and protection of our citizens. I also credit my team for their extra efforts in deterring crime through heavy patrol, traffic enforcement, and being vigilant.

I feel confident that we've upheld our mission and can assure each of you that my officers and I will continue to work hard to reduce crime and provide the best service to all citizens. One of our main goals is to continue to strengthen relationships with our citizens and businesses. We encourage our citizens to get involved and learn what we do by enrolling in our annual Citizens Academy. We also encourage you to visit our Facebook page where you can find breaking news, updates, and warnings.

The City of Prattville is a great city and the efforts of our police officers, civilian staff, volunteers, citizens, and the support from Mayor Gillespie and the City Council have made a positive impact on the quality of life in our community. We will continue to meet the needs of our citizens in a positive and professional manner. Thank you for your support!

*Mark C. Thompson*

Chief of Police

Prattville Police Department

## Message from Assistant Chief Diane Thomas

To Mayor Gillespie, City Council Members, and the Citizens of this great city. We are happy to present our annual report. We hope that you will find it to be self-explanatory and easy to read. Please feel free to contact me if you have any questions or need further clarification. We've decided that it's important to highlight some of our accomplishments and the major issues that plague this city and many other cities, year after year.

This annual report will show some traffic and index one crime statistics.

We are pleased with the efforts of our officers as all of them have worked hard to decrease crime and to solve cases as swiftly and effectively as possible. We have made tremendous progress over the past five years by reaching many long-term goals in a very short time. As a veteran officer serving over 25 years with this agency, I've had the opportunity to witness and be a part of this growth. We are using state of the art equipment, driving new and improved vehicles (all of which are no older than five years old), attending top notch training (above the 12 hours required by APOSTC), certifying officers in specialized training which allows them to instruct other agencies throughout the state, being accepted to prestigious training academies, and improving our recruiting efforts. None of this would be possible without great leaders including the Mayor, the City Council members, and the citizens.

Some of the most critical challenges for police agencies are forging relationships and the ability to provide effective and respectful policing in a multicultural society of which we've been able to achieve. Because of our increased training and our Community Relations Unit, I'm glad to report that our relationship with the public is as strong as its ever been.

Our goals are to continue to serve the community with professionalism and integrity, make every effort to identify and correct problems, respond to citizens complaints in a judicious, fair, and equitable manner, and of course, continue to fight crime.

Thank you for your support.

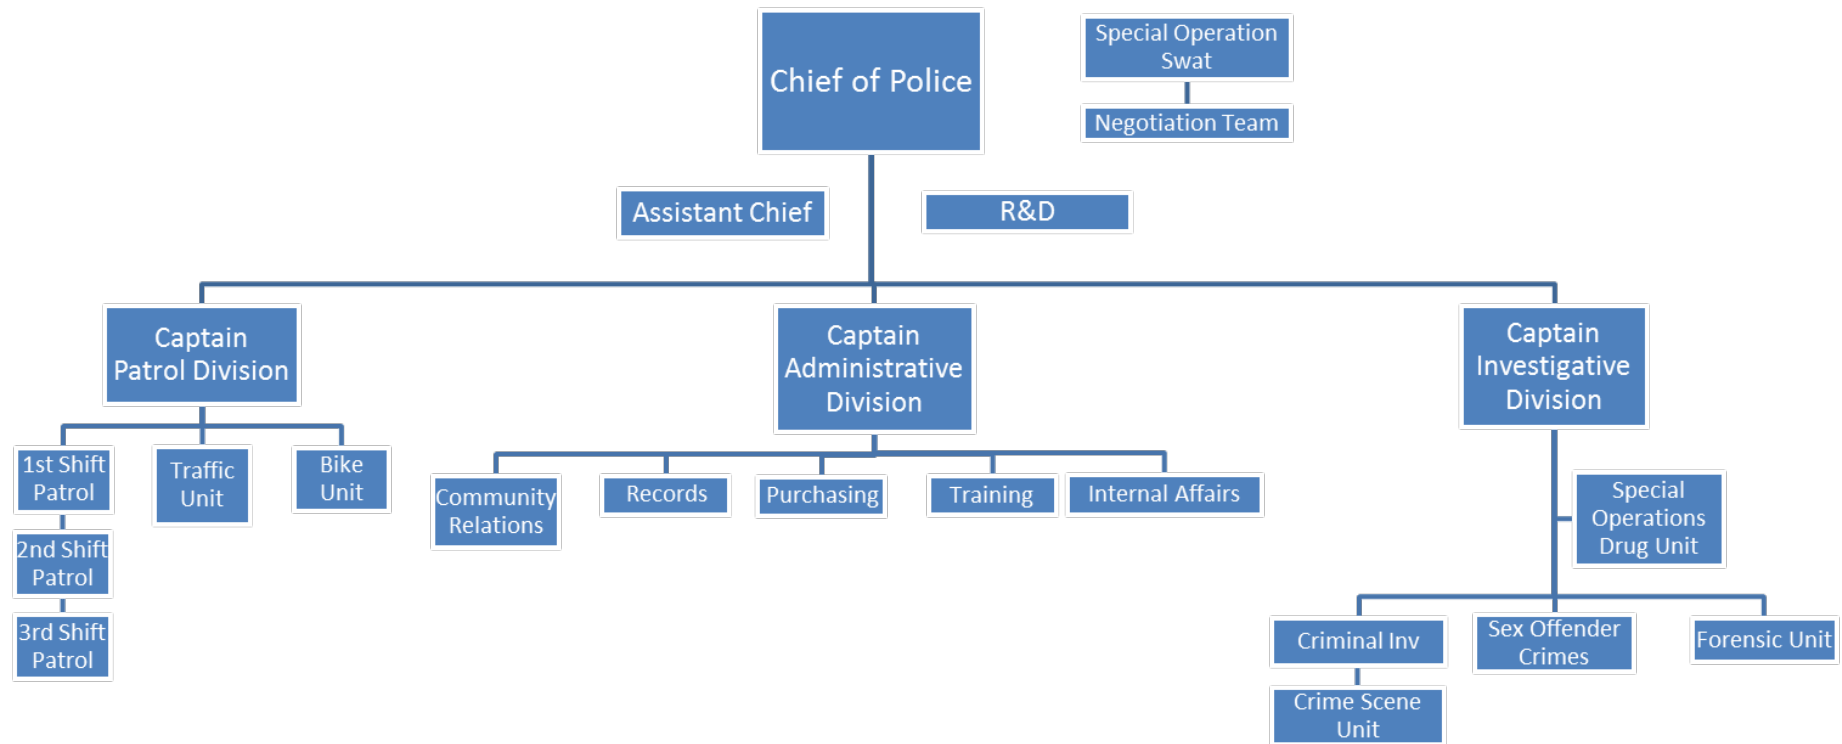

# Prattville Police Department's Mission, Goals & Core Values

Our mission is to work in partnership with the community to protect lives and property, to solve neighborhood problems and enhance the quality of life for every citizen with the best in law enforcement protection and crime prevention. The Prattville Police Department is striving to strengthen relationships with the community by taking a leadership role in promoting excellence in character, communication, and accountability.

**Honor**-we hold our profession and our daily duties in high esteem while serving with a noble purpose.

**Integrity**-the decisions we make and the actions we take are based on honesty and doing the right thing in a fair and responsible way.
